Emmanuel Kachikwu Chukwunonso

nonsokach@gmail.com

Professional Summary

I am a Passionate **Frontend Developer** with 2 years of experience building visually appealing, responsive websites and applications using **React**, **JavaScript**, and **CSS**. I specialize in transforming designs into smooth, interactive interfaces that prioritize user experience and accessibility. With a solid understanding of web technologies and design systems, I am dedicated to creating digital solutions that are both aesthetically pleasing and functionally efficient.

Experience

December 2022 - PRESENT

Interra Networks Limited, Abuja – *Lead UX Engineer*

- **Implemented Designs into Code;**
  Translated complex design concepts into functional code, ensuring a seamless user experience and reducing implementation errors by 30%.

- **Developed Scalable Frontend Solution**s;
  Delivered high-quality, responsive user interfaces by translating design concepts into functional code, which improved the efficiency of design-to-development workflows by 30%.

- **Established a Unified Design System**;
  Spearheaded the creation of a comprehensive design system that standardized UI components and branding across projects, reducing design redundancy by 40% and accelerating product delivery timelines.

- **Optimized Multi-Device User Experience**;
  Adapted digital products for accessibility across web, mobile, and tablet platforms, leading to a 25% increase in user engagement and retention rates.

- **Enhanced Administrative Interfaces (NCC)**:
  Redesigned the Nigerian Communications Commission's (NCC) admin platform, significantly improving responsiveness on mobile and tablet devices, and increasing task efficiency for admin users by 20%.

- **Mentored Junior Designers**:
  Provided mentorship and technical guidance to interns and junior team members, fostering skill development and boosting overall team productivity.

August 2024 - September 2024

Denham and Grey – *UX Engineer (CONTRACT)*

- **Redesigned and Revamped Company Website**;
  Spearheaded the redesign and development of the company's website, integrating modern UX principles and visual enhancements, resulting in a 45% increase in client engagement and helping secure a high-value contract.

- **Enhanced User Journey**;
  Streamlined site navigation and optimized content hierarchy, leading to a 30% improvement in user retention rates and session durations.

- **Implemented Performance Improvements**;
  Optimized website loading speeds and responsiveness, achieving a 40% reduction in bounce rates and enhanced accessibility across devices.

- **Strengthened Brand Identity**;
  Crafted a cohesive digital brand experience that aligned with the company's vision, fostering trust and boosting client inquiries by 20%.

July 2023 - August 2024

Agripeller, Abuja – *Frontend Developer (CONTRACT)*

- **Crafted User-Centric Web Interfaces**:
  Designed and implemented dynamic, responsive web interfaces for the company's livestock marketplace platform, enhancing usability and attracting a 35% increase in daily active users.

- **Streamlined Deployment Processes**;
  Successfully deployed the web application on a robust server infrastructure, ensuring 99.9% uptime and seamless functionality, which supported a surge in customer engagement.

- **Improved Mobile Accessibility**;
  Designed and optimized the user interface for the company's mobile application, resulting in a 25% growth in mobile user interactions and an overall improvement in the user journey.

- **Enhanced Collaboration for Scalability**;
  Worked closely with backend developers and stakeholders to integrate APIs and features that improved the platform's overall performance and scalability by 40%.

Nov 2023 - June 2024

LogaXp, USA – *UX Engineer (CONTRACT)*

- **Website Design for Service Platform;**
  Designed and implemented the company's service website (https://logaxp.onrender.com), improving user interaction and boosting customer inquiry rates by 30%.

- **Developed UI for LOGA-BEAUTY Application**;
  Created an intuitive user interface for the LOGA-BEAUTY platform, enhancing usability and user satisfaction, which contributed to a 25% increase in platform adoption.

- **Enhanced User-Centric Design**;
  Collaborated with stakeholders to align design goals with user expectations, delivering interfaces that reduced onboarding time for new users by 20%.

- **Optimized for Scalability**;
  Designed scalable front-end components and ensured seamless integration with back-end systems, supporting LogaXp's growing user base.
